(01)-4407400 - Common access dial in number (let's you call a freespeech 'extension' from landline or mobile)

 1742 - Echo Test.

1743 - Will tell you your number

1744 - Will dial your own *Missed Call Handler* (Voicemail / Forwarding) - Usefull if you want to check the setup or test annoucements.

TIP: If you want a greeting message for voicemail this is a perfect way to get a recording suitable for upload.
